

# **SAGE<sup>®</sup> Mobile 2.0**

## **New Features**

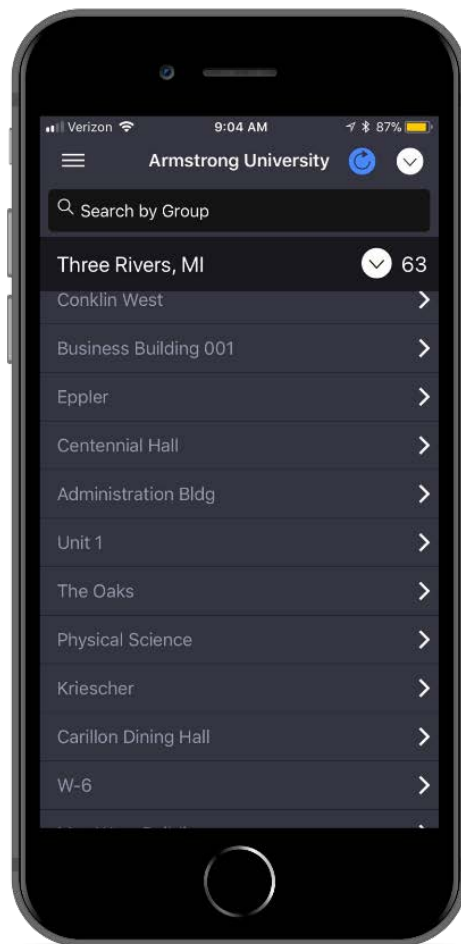

# Multi-platform support. Now available on Apple and Android.

Apple versions supported iOS 9.0 and newer. Android devices supported for 6.0 or newer.

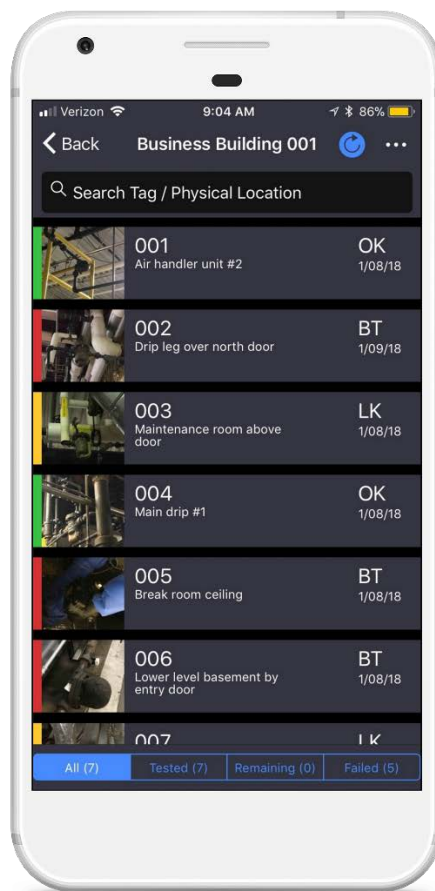

# New design. SAGE<sup>®</sup> dark theme for easy viewing.

All SAGE<sup>®</sup> screens now have the signature SAGE<sup>®</sup> dark theme making it easier than ever to view your data.

# Powerful search. Search by tag number or physical location.

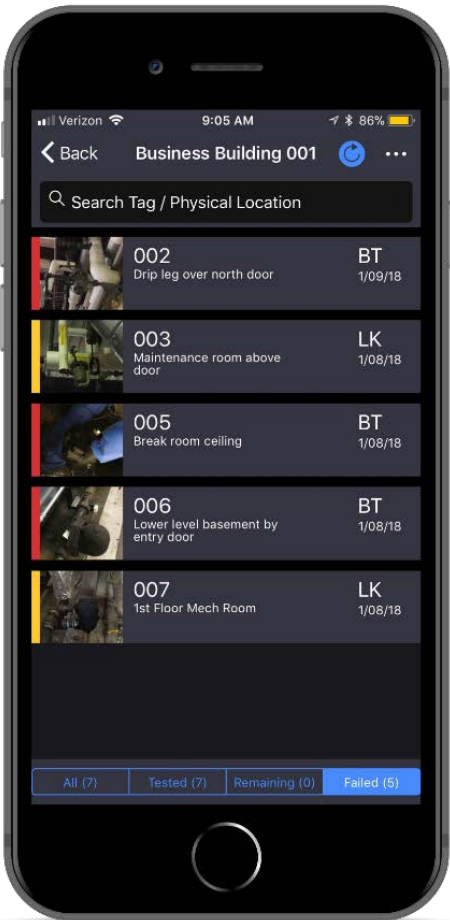

Now even easier to find the trap you're looking for with ability to search by location ID or physical location name.

# Filters.

## Filter on Tested, Remaining, or Failed Equipment Lists.

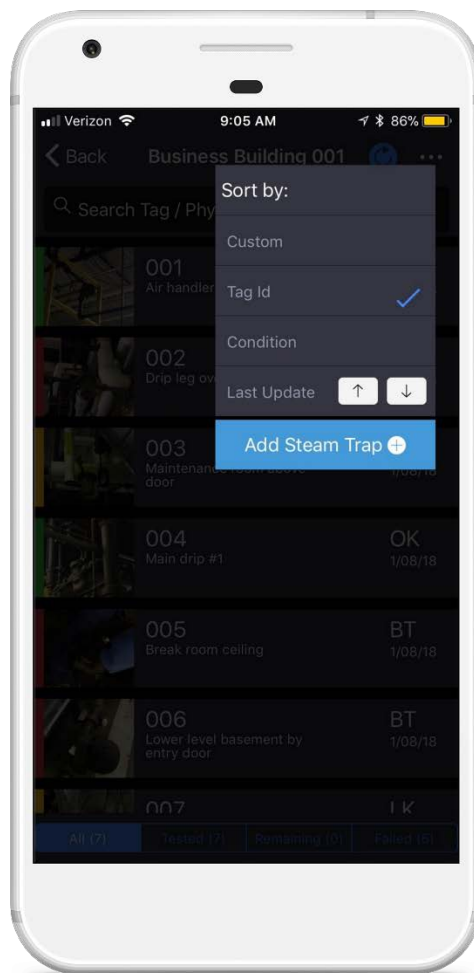

See that data you want with new filters. Selecting a filter preset narrows down your equipment list to only the data that applies.

# Sorting.

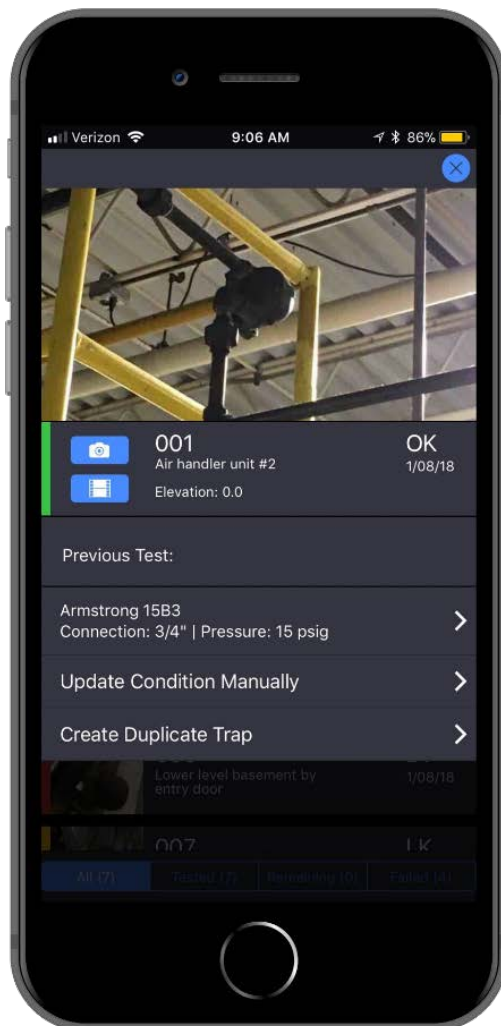

## More ways to sort your data.

Organize the data by using our new sort selector. Sort by Tag ID, Condition, Last Update or Custom.

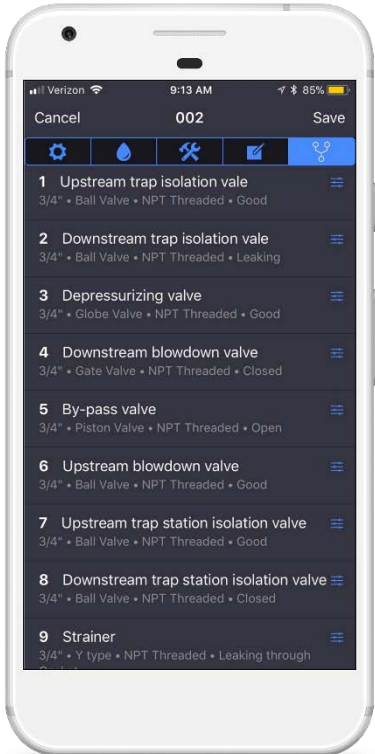

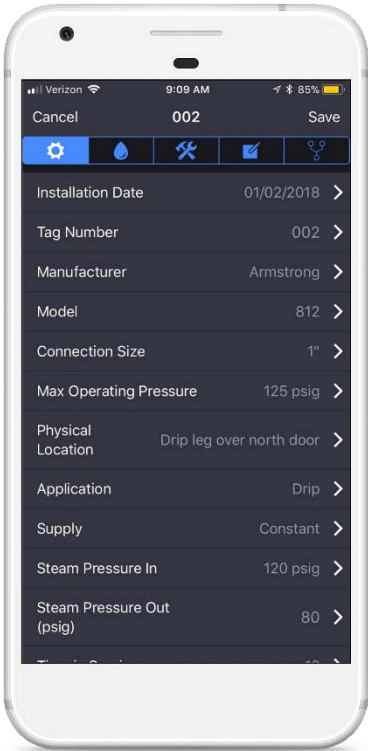

# Equipment detail overview. Simplified and enhanced equipment overview.

Our new format allows you to view a piece of equipment and update every aspect of it in one screen view.

# Redesigned equipment details.

Update equipment details with in-line editing and all new valve screen.

## **Additional New Features and Updates:**

- Ability to search by Group(s)
- Download images for offline mode
- Download entire location for offline mode
- Enhanced data sync process
- Enhanced equipment loading speed
